

**REUSE** plastic pallets and boxes to **REDUCE** your waste, both practically and financially and when they eventually reach the end of their lifecycle **RECYCLE!**

## Why?

- Plastic pallets and boxes can be used multiple time in your supply chain having a higher trip rate than timber/cardboard.
- Designed for cost effective returns – up to 40 pallets fit in 1 pallet space or 200 boxes.
- Easily cleaned.
- Personalisation possible.
- There is a higher upfront cost but payback time can be in as little as a year!
- Recyclable.
- Less labour cost with assembling cardboard boxes.
- Boxes are more secure with the ability to use anti-tamper tags.
